Galleria Professional Engineered Select Oak Chevron Flooring Natural Brushed & Oiled

The classic look of a chevron pattern married to the gorgeous warming tone of a natural wooden floor creates the truly elegant Galleria Professional Engineered Select Oak Chevron Natural Brushed & Oiled. The clean veneer of the select grain, which has minimal sapwood and only a few small knots, creates an unbeatable look that's lifted by the brushed finish. A premium oil finish gives this beautiful floor a truly natural look that will suit a wide range of interior styles. Simply vacuuming and an occasional damp-mop are all that is needed to maintain this floor.

The slim 110mm wide and modest length planks are perfect for creating a cosy feeling in any space, looking their best in small rooms.

The high-quality multi-layer construction of this floor offers exceptional stability, with 3mm hardwood wear layer complimenting the thick boards for a dense underfoot feel. The traditional tongue-and-groove fixing of this floor is best fitted by a professional installer.
