Spectra Iced Coffee Oak Plank Luxury Click Vinyl Flooring

With a clean-looking grain and cool iced coffee tones, this indulgent take on classic wood flooring has an elegant, traditional look that will tone beautifully with a wide range of interior schemes.

Compared to standard LVT, the rigid joint system of Spectra Ice Coffee Oak is less prone to flexing and is also more stable in all temperature conditions. The top layer in the core is compact, eliminating the chance of indentation and impact issues.

Spectra Ice Coffee Oak Plank Luxury Click Vinyl Flooring has a textured surface that follows the grain patterns beneath for an authentic wood look and feel and is warm underfoot and fully waterproof – making it an ideal choice for bathrooms.

The wide, classic-length planks (189mm x 1318mm) will look fantastic in a wide range of spaces but are particularly well suited to creating a space enhancing effect in small and medium rooms. Complete with an easy-to-fit rigid click system, combining design, performance, comfort and strength. It also means they're fast and easy to install on top of underlay, even for D.I.Yers

Tough as well as stylish, Spectra Iced Coffee Oak is 4mm thick and has an AC3 Domestic rating, making it suitable for any room in the home. With a 12-year warranty, it's also blissfully easy to care for; regular vacuuming and occasional damp-mopping are all that's required to ensure it stays looking fabulous.

Product Details

Code:	VIN-CLIC-PL-804
Brand:	Spectra
Construction:	LVT
Surface:	Authentic Textured
Profile:	Rigid Click System
Edge profile:	Bevelled on 4 sides
Wear layer:	0.3mm
Thickness:	4mm
Width:	189mm
