Spectra Cloudy Bay Stone Tile Luxury Click Vinyl Flooring

Delivering a sleek modern look and a rough-luxe vibe, polished concrete floors are perennially popular. If you love the look but want all the practical benefits that the latest LVT floors can bring, Spectra Cloudy Bay Stone Tile Luxury Click Vinyl Flooring could be the ideal choice for you.

In a beautiful pale grey hue, this stunning floor comes with an authentic textured surface and a softly mottled décor layer that add realism to its concrete look. While it may be a showstopper, it punches well above its weight when it comes to performance. It's tough, fully waterproof and compatible with underfloor heating, and can be used in moisture-prone areas such as kitchens and bathrooms as well as living areas and bedrooms.

The large (324mm x 655mm) tiles are a hugely versatile size and work well in any size of room. Fast and easy to fit thanks to a DIY-friendly patented click system, they're finished with micro-bevelled edges to give a clean, modern look to the finished floor. Spectra Cloudy Bay Stone Tile Luxury Click Vinyl Flooring requires only minimal maintenance, simply vacuum regularly and wipe off any marks with a damp mop or cloth to keep it looking its best.

Product Details

Code:	VIN-CLIC-TL-449
Brand:	Spectra
Construction:	LVT
Surface:	Authentic texture
Profile:	Click System
Edge profile:	Micro bevel
Wear layer:	0.3mm
Thickness:	4.5mm
