Spectra Click Luxury Vinyl Flooring Storm Grey Tile

Dark and dramatic interiors are trending right now – think high-glam bathrooms, all-black kitchens and living rooms in moody hues – and this deep grey stone-look LVT floor nails the look perfectly. With a dirt-disguising almost-black tone that delivers a big impact, this modern-style floor features an authentic textured surface that adds incredible realism to its stone look.

The large (324mm x 655mm) uniform tiles work well in any size of room and feature bevelled edges on 4 sides for a clean, contemporary finish. It may be bang on trend but Spectra Click Luxury Vinyl Flooring Storm Grey Tile is incredibly practical, too.

Compatible with underfloor heating and fully waterproof, it's a breeze to clean and maintain; simply vacuum regularly and clean occasionally with a damp mop. This DIY-friendly floor features a patented click system and is quick and easy to fit on top of underlay.
