Life Arctic Grey Stone Tile Luxury Rigid Core Click Vinyl Flooring

The light grey swirling pattern and authentic textured surface make Life Arctic Grey Stone Tile Luxury Rigid Core Click Vinyl flooring an adaptable option for a range of colour schemes. There's no compromising quality for style with this floor either – it's been awarded an AC5 durability rating for its limestone core and scratch-resistant top surface. The large (810mm x 405mm) tiles and DIY-friendly click system ensures it's fast and easy to fit. A regular vacuuming and occasional damp mopping are all it takes to care for this floor.

100% waterproof and compatible with underfloor heating up to 27°C, this rigid core vinyl (also known as Stone Plastic Composite or SPC for short) is safe for use in all areas, including conservatories (being able to withstand surface temperatures up to 60°C), bathrooms, and kitchens.
