## Spectra Midnight Sky Stone Tile Luxury Glue Down Vinyl Flooring

If you want to give a room a sophisticated and glamorous vibe, look no further than Spectra Midnight Sky Stone Tile Luxury Glue Down Vinyl Flooring. Inspired by the beauty of the cosmos, it features a scattering of silver sparkles against a matte black background, creating a subtle shimmer that takes dark flooring to another level.

This fully waterproof style would make a fabulous choice for a boutique hotel-style bathroom or decadently dark kitchen. With an authentic textured surface for the best in realism, this modern-style hard-wearing floor comes in fixed-size large (329mm x 659mm) tiles that are hugely versatile and work well in any sized room, giving a fresh, clean look.

Boasting a 20-year residential warranty, Spectra Midnight Sky Stone Tile Luxury Glue Down Vinyl Flooring will make a valuable addition to a busy household and comes with all the practical advantages of quality LVT. It's superbly tough, compatible with underfloor heating, and easy to clean and maintain – just vacuum regularly and wipe off any marks with a damp mop or cloth. A professional or a keen D.I.Yer with experience using adhesive is required to offer enhanced durability and resilience against any unwanted shifting.
