## Vitality Nova Sky Plank Effect Sheet Vinyl

Our Vitality Nova Sheet Vinyl flooring range offers clean and elegant designs in a collection of plank, herringbone or tile styles. This felt backed sheet vinyl can be loose laid up to 16m<sup>2</sup> if installed in a low traffic area, perfect for those looking to take on a DIY project themselves. The felt backing helps reduce the effects of subfloor imperfections, removing the need for any underlay. Perfect for a kitchen or utility room, it's simple to clean, only requiring a basic sweep, mop, or vacuum to move away the dirt. This water-resistant vinyl is compatible with underfloor heating systems up to 27°C, allowing you to easily warm your feet up in the colder months.

Bring a contemporary wood plank effect into your home with our Nova Sky Plank Effect sheet vinyl. The silver tones of this standard plank look provide both the natural style of real wood with a hint modern luxury. This natural looking flooring is available in both 3m and 4m widths. Knots and natural lines are included in the design of the wood effect, and together with a lovely, textured finish provides an added layer of authenticity.
