VIN-ORI-HOR

Vitality Orion Horizon Plank Effect Sheet Vinyl

The perfect way to bring the feeling of a wood plank, stone tile or herringbone design into your home, our Vitality Orion Sheet Vinyl series of flooring is a great budget alternative while providing a striking style and comfort in a playroom or utility room. Our Vitality Orion range comes equipped with a felt backing, which helps reduce the effects of subfloor imperfections, removing the need for underlay. It can also be loose laid up to 12m² in a low traffic area, making it perfect for smaller DIY projects. This water-resistant flooring is compatible with underfloor heating systems up to 27°C, allowing you to keep your toes toasty in those winter months.

Bring a dark, rustic sense of sophistication into your home with our Vitality Orion Horizon plank effect vinyl flooring. Available in both 3m and 4m widths, the beautiful long plank effect helps bring the feeling of nature into your home, with the added water resistance and ease of clean of vinyl. The inclusion of realistic knots and lines, as well as a multi-tonal finish helps add a layer of authenticity to the room, while the textured surface provides a soft feel underfoot.

Product Details

Code:	VIN-ORI-HOR
Brand:	Vitality
Construction:	Sheet Vinyl
Design:	Plank effect
Thickness (mm):	2.5
