## Vitality Orion Point Herringbone Plank Effect Sheet Vinyl

The perfect way to bring the feeling of a wood plank, stone tile or herringbone design into your home, our Vitality Orion Sheet Vinyl series of flooring is a great budget alternative while providing a striking style and comfort in a playroom or utility room. Our Vitality Orion series comes equipped with a felt backing, which helps reduce the effects of subfloor imperfections, removing the need for any underlay. It can also be loose laid up to 12m<sup>2</sup> in a low traffic area, making it perfect for smaller DIY projects. This water-resistant flooring is compatible with underfloor heating systems up to 27°C, allowing you to keep your toes toasty in those winter months.

A timeless look that will last for years to come, our Vitality Orion Point vinyl flooring can turn any room into a classy, inviting space. Available in both 3m and 4m widths, this herringbone effect vinyl combines lighter and darker planks to provide an eye-catching blend, while the textured finish helps bring an extra layer of authenticity throughout the room. The herringbone style will add sophistication to any room, while also providing a water-resistant floor that is easy to maintain.

### Product Details

Code:	VIN-ORI-POI
