## Home Choice Engineered European Rustic Oak Flooring 14mm x 180mm Natural Lacquered

Rich in detail with lively grain markings and a warm oak tone, this striking wood floor gives classic country style a modern update.

Made using finest quality European oak, Home Choice Rustic Oak Engineered Wood Flooring celebrates wood in all its natural glory. Swirling grain markings, a wealth of colour variation, small mineral streaks, sapwood and knots of all sizes create a traditional, lived-in look that will make your floor seem as if it's been part of your home forever. Each plank measures 1100mm long x 180mm wide, ideally proportioned for creating a relaxed wood-floor look in most rooms.

Sanded smooth for an understated feel, the floor is finished with a high-quality, hardwearing UV lacquer, making it an ideal choice if you're looking for an easy-to-live-with wooden floor that can withstand the demands of family life; vacuuming and damp mopping are all it needs to keep looking its best.

The click-together planks are ideal for covering large areas quickly, making DIY installation fast and easy. Suitable for any room in the home, Home Choice Rustic Oak Engineered Wood Flooring features a 2.5mm real wood wear layer, and a sturdy three-layer construction for impressive stability.
