Home Choice Engineered European Nature Oak Flooring 14mm x 207mm 3 Strip Lacquered

With a honey tone and familiar markings that bring a natural warmth to the home, this is an oak floor that delivers perfect, laid-back traditional style. Using quality European oak in a nature grade, European Nature Oak flooring features some knots, light marks and tonal markings, capturing the warmth and character of oak.

Sanded smooth and then lovingly protected with multiple coats of durable lacquer for a finish made to stand-up to wear, the look is elegant without being austere; a classic take on beautiful oak flooring. Simply mop with a damp cloth and vacuum regularly to keep it looking fantastic.

The three-strip floor is made for small rooms, but with its 207mm width and 2.2m long plank, it's incredibly fast to fit, a square-edge on disguising joins to enhance the multi-strip style and give a clean look. Featuring a three-layer construction for impressive stability, Home Choice Engineered European Nature Oak comes with a 3.2mm real wood wear layer for a lifetime of use in living spaces, kitchens, bedrooms and hallways. Equipped with a click-together joint, it's easy to install, so ideal for DIY and professional installation on top of underlay.

Product Details

Code:	ENG-FL-14-033
Brand:	Home Choice
Construction:	Engineered 3-Ply
Species:	Oak
Grade:	Nature
Design:	Multi Strip Plank
Surface:	Smooth
Finish:	UV Lacquer
Profile:	Click System
