## Home Choice Engineered European Rustic Oak Flooring 14mm x 180mm Cocoa Oiled

With its gorgeously rich chocolate colour and rich grain markings, Home Choice Engineered European Rustic Oak Flooring 14mm x 180mm Cocoa Oiled has a timeless appeal that makes it perfect for enhancing a vintage or country-style scheme.

Made using the finest quality European hardwood, this is a rustic-grade floor in which the unique beauty of real oak takes centre stage through visible knots, sapwood and mineral streaks, and plentiful grain markings. The bevelled-edge boards have been brushed to reveal the organic patterns of the wood in glorious detail and given a natural oil finish, which will develop character over time as it wears.

Measuring 180mm x 1100mm, the wide and classic length boards are ideal for creating a relaxed vintage look and a feeling of space in most rooms. For even easier and faster DIY installation, this floor features a 5GC click system, with interlocking joints on all four sides. It also benefits from a three-layer engineered construction for movement-reducing stability and a 2.5mm wear layer for long-lasting good looks; regular vacuuming and the occasional damp mopping are all that's required to keep this floor looking its beautiful best.
