Home Choice Engineered European Rustic Oak Flooring 14mm x 180mm Paloma Grey Lacquered

Made from premium European oak, this striking wood floor features on-trend concrete tones that lend it a strong architectural feel and distinctly contemporary edge.

The richly detailed swirling grain patterns that typify a rustic-grade wood are softened by the brushed finish, turning Home Choice Engineered Paloma Grey European Rustic Oak into a stunningly elegant centrepiece that will harmonise with a range of interior schemes, from metallic and pastels to high-gloss looks. A matt lacquer finish provides a protective coating that makes this floor a practical as well as beautiful choice for family living.

The 180mm wide boards measure a uniform 1100mm in length, a classic size that has the effect of making medium and small rooms appear larger. Suitable for all rooms in the home, this stylish, modern floor features click-together boards for fast and easy DIY installation, a sturdy three-layer engineered construction for strength and stability and a 2.5mm wear layer.
