Galleria Classic Engineered Rustic Oak Flooring 18mm x 150mm Storm Brushed & Lacquered

For a stunning, rustic look that will help provide a comfortable and cosy style, then look no further than our Galleria Classic Engineered Rustic Oak Storm flooring. With random-length planks and defined, natural looking lines, this floor will provide a fantastic rustic look to your home. Dark coffee tones will help bring a traditional look to any room, while also creating a warm and snug space that you can sit back and relax in. These boards have been brushed to help bring out the natural pattern within the real wood surface, they are then finished with UV lacquer to provide increased durability and ensure your new floor looks brilliant for longer.

The classic-width (150mm), random-length planks — in varying lengths of up to 1800mm — give excellent coverage and work best in longer rooms, where they will help the floor appear in proportion to the space and give a classic, well-fitted look.

Offering exceptional stability, the floor features a high-quality multi-layer construction of several layers of plywood topped with a 4mm hardwood wear layer for a dense feel underfoot and optimum grain definition. With a traditional tongue-and-groove fixing, this load-bearing floor requires professional installation for best results.

Product Details

Code:	ENG-GA-18-510
Brand:	Galleria Classic
Construction:	Engineered Multi-Ply
Species:	Oak
Design:	Plank
Surface:	Brushed
Finish:	Brushed & UV Lacquer
Profile:	Tongue & Groove
