Galleria Professional Engineered Select Oak Flooring Natural Lacquered

If you're craving a traditional wood floor, Galleria Professional Engineered Select Oak Natural Lacquered has the warming and natural appeal that you are looking for. The clean veneer of the select grain, which has minimal sapwood and only a few small knots, creates a truly enviable look with timeless elegance. The boards have been sanded smooth and finished with a lacquer for a tough, durable finish that guards against damage and is also easy to care for; vacuuming and the occasional damp-mopping is all it takes to keep this floor looking its best.

The 190mm wide and long length planks are excellent fits for spacious medium and large sized rooms, especially in traditional family homes where the proportions help to create an all-round well-fitted look.

The high-quality multi-layer construction of this floor offers exceptional stability, with 6mm hardwood wear layer complimenting the thick boards for a dense underfoot feel. The traditional tongue-and-groove fixing of this load-bearing floor is best fitted by a professional installer.

Product Details

Code:	ENG-GA-20-531
Brand:	Galleria Professional
Construction:	Engineered Multi-Ply
Species:	Oak
Grade:	Select
Design:	Plank
Colour:	Naturals
Surface:	Smooth
Finish:	Lacquered
Profile:	Tongue & Groove
Edge Profile:	Micro Bevel
Top Layer:	6mm
Thickness:	20mm
Width:	190mm
Length:	1900mm
Coverage Per Pack:	1.805
