### Galleria Professional Engineered Rustic Oak Flooring 20mm x 190mm Pure Cocoa Brushed & Lacquered

The intense and complex tones of Galleria Professional Engineered Rustic Oak Pure Cocoa Brushed & Lacquered bring an indulgent and exotic look that adds drama in classic and modern interiors alike. Given a handcrafted look with saw cuts, the floor's brushed texture lifts the grain to maximise natural appeal, while the lacquered finish ensures optimal protection.

Made with European oak, Galleria Professional Engineered Rustic Oak Pure Cocoa Brushed & Lacquered is a wood floor with the stability and ease of an engineered construction. The floor's rustic grade features variation, mineral streaks, sapwood and knots for a recognisably natural look. In a wide 190mm board that's best in larger rooms, this floor's 1900mm lengths create a classic wood floor look. Its four-sided bevel helps to define each plank.

At 20mm thick, Galleria Professional Engineered Rustic Oak Pure Cocoa Brushed & Lacquered is suitable for load-bearing use and comes with a traditional tongue and groove joint. Requiring gluing or nailing, this traditional way of installation is best left to professionals. Looked after with care, this premium engineered wood floor is ready for lasting use.

#### Product Details

<b>Code:</b>	ENG-GA-20-570
