## Galleria Professional Engineered Rustic Oak Flooring 20mm x 190mm Silver Symphony Brushed & Lacquered

With silver hues that drift over a natural tonal palette, Galleria Professional Engineered Rustic Oak Silver Symphony Brushed & Lacquered is a floor that's ready to add timeless style in any home. With a brushed surface finish to lift the grain and maximise natural texture, this floor comes with a durable lacquer to protect its good looks.

Made with European oak, Galleria Professional Engineered Rustic Oak Silver Symphony Brushed & Lacquered is a wood floor with the stability and ease of an engineered construction. The floor's rustic grade features variation, mineral streaks, sapwood and knots for a recognisably natural look. In a wide 190mm board that's best in larger rooms, this floor's 1900mm lengths create a classic wood floor look. Its four-sided bevel helps to define each plank.

At 20mm thick, Galleria Professional Engineered Rustic Oak Silver Symphony Brushed & Lacquered is suitable for load-bearing use and comes with a traditional tongue and groove joint. Requiring gluing or nailing, this traditional way of installation is best left to professionals. Looked after with care, this premium engineered wood floor is ready for lasting use.
