Galleria Professional Engineered European Rustic Oak Flooring 20mm X 190mm Winter Dawn Lacquered

With its attractive rustic grain and on-trend white oak colourway Galleria Professional Engineered European Rustic Oak Flooring 20mm x 190mm Winter Dawn Lacquered has real wow factor, and will set off any contemporary scheme beautifully.

Made from quality European oak in a rustic grade characterised by lively grain patterns, small mineral streaks, sapwood and multiple knots, the boards have been sanded smooth for a clean, modern look and feel and finished with durable UV lacquer to provide natural-looking, long-lasting protection against wear and tear. Giving excellent coverage, the wide, long-length planks measure 190mm x 1900mm, a size that is ideal for helping longer rooms look more in proportion and adding a feeling of elegance to spacious interiors.

A high-quality multi-layer construction, featuring several layers of plywood beneath a premium 6mm real wood wear layer, gives this floor an unmistakable, dense real wood feel underfoot and an enhanced lifespan. For best results, we recommend this tongue-and-groove floor is fitted by a professional.
