Galleria Professional Engineered European Rustic Oak Flooring 20mm X 240mm Antiqued Natural Brushed & Oiled

With its richly detailed grain and warm natural oak colourway, Galleria Professional Engineered European Rustic Oak Flooring 20mm X 240mm Antiqued Natural Brushed & Oiled brings an elegant vintage vibe to the home.

The perfect complement to any laid-back scheme, this gorgeous floor is made from quality European oak in a rustic grade and features multiple knots, sapwood, mineral streaks and colour variation for maximum visual interest. Brushed, hand-scraped and with saw cut marks to create a more characterful floor with a natural oil finish that lets the wood grain to the fore. The extra-wide, long-length boards measure 240mm x 1900mm, and are ideal for creating a feeling of elegance in spacious interiors and balancing the proportions of longer rooms.

A high-quality multi-layer construction and a premium 6mm real wood wear layer give this floor incredible stability, bringing the look and feel of a real wood floor with superior strength and less movement. This floor has a relaxed charm that is effortlessly enticing, and with occasional vacuuming and damp mopping it should look stunning for decades. With a versatile and traditional tongue and groove joint, professional fitting is recommended.

Product Details

Code:	ENG-GAL-105
