Home Choice Engineered European Nature Oak Flooring 14mm x 130mm Cocoa Piccolo Oiled

A truly stunning vintage-style floor that will give any room instant character, Home Choice Engineered European Nature Oak Flooring 130mm Cocoa Piccolo Oiled boasts deep, rich chocolate brown tones, attractive grain markings and a textured finish.

Made in Europe using finest oak in a nature grade, this gorgeous floor celebrates the most natural characteristics of real oak hardwood, including small knots, sapwood, mineral streaks and some colour variation. Enhanced by a brushed finish and treated with a natural oil that will wear beautifully over time, giving the wood even more character and depth, the floor requires only regular vacuuming and occasional damp mopping to look fantastic.

The mid-width, classic-length planks come in a uniform size (30mm x 1100mm) that is extremely versatile and particularly well suited for making small and medium sized rooms appear larger. Their 5GC click system, featuring click-together joints on all sides of each board, also makes them ideal for fast, easy DIY fitting.

Home Choice European Oak Flooring features a sturdy three-layer construction and a 2.5mm wear layer for great performance, and comes with a 20-year warranty.
