Home Choice Engineered European Nature Oak Flooring 14mm x 180mm Bianco Matt Lacquered

With its stunning pale oak hue, Home Choice Engineered European Nature Oak Flooring 14mm X 180mm Bianco Matt Lacquered is a perfect example of wood flooring at its most contemporary.

Made from quality European oak in a nature grade characterised by natural variation, limited mineral streaks, occasional sapwood and occasional small and medium sized knots, this striking floor has been sanded smooth for a clean, modern look and finished with a durable, natural-look UV matt lacquer that protects against marks and stains.

The wide, extra-long boards (180m x 2200mm) are perfectly proportioned for larger rooms, and feature micro-bevels on two sides to give beautiful definition to the finished floor. The latest DIY-friendly 5GC click system ensures fast and easy fitting; all you have to do is click the boards into place over underlay, there's no gluing or nailing involved. Featuring a three-layer construction and a 2.5mm real wood wear layer that give it great stability and an enhanced lifespan, this floor is as practical as it is stunning. Vacuuming and occasional damp mopping are all that's required to keep it looking fabulous.
