Home Choice Distressed Extra Rustic Engineered Oak Flooring 14mm x 190mm Gingerbread Lacquered

If you want a undoubtably rustic look in your home that really oozes character and charm, all in a sophisticated tone that helps enhance the personality of any room then you don't need to look any further than our Home Choice Distressed Extra Rustic Engineered Oak Gingerbread flooring. This deep tone will provide a cosy environment perfect for either entertaining guests or relaxing in after a long day. This extra rustic design includes additional cracks, grains, and knots to provide a greater distressed look, while the floor also features additional splits within the floor to provide an even greater natural feel.

The longer length, wide planks (190mm x 1900mm) of our Home Choice Distressed Extra Rustic Engineered Oak flooring are perfect for creating a fantastic sense of space in larger rooms. Each pack may include shorter starter boards. Complete with a 3mm wear layer and standing at 14mm thick, these boards are brushed to help expose the natural grain and are then UV lacquered for additional protection from wear and tear.
