Series Woods Professional 12mm Laminate Flooring Glacier Oak

Thanks to the unbeatable cool and sophistication of its stark white hue, Series Woods Professional 12mm Laminate Flooring Glacier Oak stands at the peak of modern elegance. The chilled vibes of this hardwearing quality laminate go perfectly with the elegant grain pattern resting beneath its embossed in register texture, with each plank's four bevelled edges giving the finished look depth and definition.

A DIY favourite thanks to a click-together joint system for a fast and easy fitting, the 12mm thick, 157mm wide, and 1285mm long boards are the perfect all-rounders, particularly suited to creating a classic, space-enhancing look in medium-length rooms.

As well as offering unbeatable performance and style, Series Woods Professional Glacier Oak is an AC5 Commercial grade floor with a 30-year warranty. This wondrous durability will mean it'll keep looking its best for a long time to come in even the busiest homes – just vacuum regularly and damp mop from time to time to help the floor keep its shine.
