Series Woods 8mm Laminate Flooring Dark Sepia Oak

With a dark oak tone that elevates its characterful grain, Dark Sepia Oak Laminate is perfect for creating a timeless, vintage look in your home. Its chocolatey hue looks tantalising against the authentic wood-effect textured surface, creating a bold and brilliant appearance that will appear smooth when finished thanks to each board's square edge profile. With innovative click system technology used, Series Woods 8mm Laminate Flooring Dark Sepia Oak is incredibly DIY friendly, meaning even novice fitters can bring this look into their own home.

The classic dimensions (1200mm x 193mm) of the planks are excellent for helping any room to feel bigger, meaning this floor is primed to make an impact in most rooms of your home, though it is not suitable for use in bathrooms. With its AC3 wear rating, this floor can offer great style and reliability throughout your house, especially in living rooms and bedrooms.
