Series Woods 8mm Laminate Flooring Barley Oak

For creating a relaxed and traditional look that still radiates warmth in any room, there can be no better choice than Barley Oak Laminate. With soft, golden tones playing across its authentic texture and a characterful grain pattern, this floor is the perfect choice for making that vision of your room come to fruition. The smooth and simple look the finished floor will be afforded by each board's square edge profile is ideal for getting the most out of this floor's exquisite colour. Thanks to innovative click system technology, Series Woods 8mm Laminate Flooring Barley Oak is incredibly DIY friendly, even for novice fitters looking to do the job themselves.

Ideally suited to make an impact in most rooms of your home, though it is not suitable for use in bathrooms, the classic dimensions (1200mm x 193mm) of the planks are excellent for helping any room to feel bigger and more open. With its AC3 wear rating, this floor can offer great style and reliability throughout your house, especially in living rooms and bedrooms.
