City City 8mm Laminate Tile Sagrada Cream

There is something fresh yet familiar in the cool off-white colour of City 8mm Laminate Tile Sagrada Cream. The calming tone of this stone effect floor evokes memories of classic white tiling, but with an originality that invites you to take the bright finish out into the rest of your home. And thanks to the many practical benefits of laminate flooring and its penchant for wide application, this chic floor is something you can readily enjoy in most rooms.

Respecting its tiling heritage, the tiles that make up this floor clock in at 605mm x 282mm – the perfect size for an authentic representation of a tiled floor, further enhanced by the four bevelled edges on each tile that let the effect sink in when the job is done. With innovative click system technology making installation a smooth operation, this is a great option for avid DIYers aiming to schedule this into their project list.

Not only does City 8mm Laminate Tile Sagrada Cream come with the sturdiness to withstand busy homes and high traffic rooms thanks to an AC4 Heavy Domestic rating, but also a 20-year residential warranty for your added peace of mind. The extra warmth underfoot afforded by choosing stone effect laminate over the genuine article makes this floor an excellent choice to splash some style in your hallway, kitchen, or even dining room.

Product Details

Code:	LAM-TL-8-002
Brand:	City
Construction:	Laminate
Surface:	Authentic Textured
Profile:	Click System
Edge profile:	Bevelled on 4 sides
Thickness:	8mm
Width:	282mm
