## Galleria Professional Solid European Nature Oak Flooring 20mm X 200mm Rich White Oiled

If you're looking for a beautifully versatile wood floor with a contemporary vibe, the pale white and cream tones of Galleria Professional Solid European Nature Oak Flooring 20mm x 200mm Rich White Oiled fits the bill.

Made from quality European oak in a nature grade characterised by natural variation, limited mineral streaks, occasional sapwood and occasional small and medium sized knots, the boards have been brushed and given an oil finish to enhance the wood's natural beauty. This floor is easy to keep clean with regular vacuuming and damp mopping. The wide, random-length planks (500 - 2000mm) give a relaxed, welcoming look, and are an ideal size for balancing the proportions of large rooms.

Galleria Professional Solid European Nature Oak Flooring 20mm X 200mm Rich White Oiled is made 20mm thick from a single piece of carefully selected European oak to give an unmistakably premium feel and is suitable for load bearing use. For best results, we recommend this tongue-and-groove floor is fitted by a professional.

### Product Details

<b>Code:</b>	SOL-GA-20-210
