Spectra Luxury Rigid Core Click Vinyl Flooring Heritage Oak Plank

Spectra Luxury Rigid Core Click Vinyl Flooring Heritage Oak Plank offers the natural, timeless appearance of real wood with the easy install, easy care nature of vinyl. With each plank measuring 1220mm x 183mm they will fit seamlessly in any room. A rigid limestone core means you don't have to compromise on quality for a durable, hard wearing floor, which is suitable for moderate amounts of traffic in your home.

Being 100% waterproof means you can add a real wood look to rooms often out of bounds to a natural floor, such as bathrooms and kitchens. Our range of rigid core vinyl (also known as Stone Plastic Composite or SPC for short) is even suitable for use in conservatories and with underfloor heating systems up to 27°C.
