Boasting an authentic textured surface, this fully waterproof, family-friendly floor comes in fixed-size large (324mm x 655mm) tiles that are hugely versatile and work well in any size of room, with micro-bevelled edges that deliver a clean, modern look.

Spectra Click Luxury Vinyl Flooring Limestone Tile is compatible with underfloor heating and requires only minimal maintenance; simply vacuum regularly and wipe off any marks with a damp mop or cloth to keep it looking its best. It's also fast and easy to fit thanks to a patented click system and is suitable for DIY as well as professional installation on top of underlay.
