Spectra Midnight Mist Stone Tile Luxury Rigid Core Click Vinyl Flooring

Dark by name but not by nature, Spectra Midnight Mist Stone Tile pairs a sharp grey shade that will wonderfully accent many styles of interior design with a pearlescent veneer to banish the witching hour from any room by bouncing light into every corner. A unique appeal you will not want to sleep on when hunting for a must-have look for your home, that still gets the best out of its stone-effect look with each tile's four bevelled edges and sleek proportions of 610m x 303mm, guaranteed to finish the floor perfectly.

More than just a pretty face, Spectra Midnight Mist Stone Tile is filled with all the practical upsides you want from a rigid core vinyl floor. This AC3 rated floor is not only waterproof but has a unique polyurethane top layer and a 12-year residential warranty. This, paired with a resistance to scratching and staining, will grant you plenty of peace of mind to the floor's quality over time as that iridescent lustre resists fading away.
