Spectra Onyx Slate Tile Luxury Rigid Core Click Vinyl Flooring

There's no combination for a floor that radiates as much luxury as a cool and moody black hue married to a classic stone-effect with a shimmering marble finish. Spectra Onyx Slate Tile delivers this rich and stylish blend through the medium of rigid core vinyl, using its unique construction to accentuate every tile to the point of perfection – authentically textured surfaces, four bevelled edges, and perfect proportions at 610mm x 303mm that all come together to give the floor a finish worthy of its lustrous look.

The benefits of design extend beyond aesthetics – thanks to the unique polyurethane layer and durable nature of rigid core, this AC3 rated floor boasts stain and spill resistance alongside a 12-year residential warranty for plenty of peace of mind. Adding the final cherry onto all these layers of value is the click-system technology that means any keen DIYer can add this tasty treat to their home.
