## Spectra Natural Limestone Tile Luxury Glue Down Vinyl Flooring

With rich colour variation and organic patterns inspired by nature, this truly beautiful LVT floor perfectly recreates the sumptuous look and feel of stone while offering all the practical benefits that come as standard with the latest high-quality LVT.

In a natural colourway enhanced with the pale brown and grey streaks that characterise unpolished limestone. Spectra Natural Limestone Tile Luxury Glue Down Vinyl Flooring will bring a timeless high-end look to any room, and would make a striking addition to a spa-style bathroom or country-style kitchen. Boasting an authentic textured surface, this fully waterproof, family-friendly floor comes in fixed-sized large (329mm x 659mm) tiles that are hugely versatile and work well in any sized room.

Spectra Natural Limestone Tile Luxury Glue Down Vinyl Flooring is compatible with underfloor heating and requires only minimal maintenance; simply vacuum regularly and wipe off any marks with a damp mop or cloth to keep it looking its best. A professional or a keen D.I.Yer with experience using adhesive is required to offer enhanced durability and resilience against any unwanted shifting.
