Vitality Nova Comet Plank Effect Sheet Vinyl Flooring

Our Vitality Nova Sheet Vinyl flooring range offers clean and elegant designs in a collection of plank, herringbone or tile styles. This felt backed sheet vinyl can be loose laid up to 16m² if installed in a low traffic area, perfect for those looking to take on a DIY project themselves. The felt backing helps reduce the effects of subfloor imperfections, removing the need for any underlay. Perfect for a kitchen or utility room, it's simple to clean, only requiring a basic sweep, mop or vacuum to move away the dirt. This water-resistant vinyl is compatible with underfloor water heating systems up to 27°C, allowing you to easily warm your feet up in the colder months.

Invest in a floor that's out of this world with our celestial Nova Comet Plank Effect Flooring. Boasting a beautiful, worldly golden-brown colour that'll certainly complement a range of colour palettes. Knots and natural lines are included in the design for added authenticity, and its textured finish brings an additional feel of real wood to your home. Available in 3m and 4m widths, it's the perfect option to refresh your space.

Product Details

Code:	VIN-NOV-COM
Brand:	Vitality
