## Vitality Nova Grey Boho Tile Effect Sheet Vinyl Flooring

Our Vitality Nova Sheet Vinyl flooring range offers clean and elegant designs in a collection of plank, herringbone or tile styles. This felt backed sheet vinyl can be loose laid up to 16m<sup>2</sup> if installed in a low traffic area, perfect for those looking to take on a DIY project themselves. The felt backing helps reduce the effects of subfloor imperfections, removing the need for any underlay. Perfect for a kitchen or utility room, it's simple to clean, only requiring a basic sweep, mop or vacuum to move away the dirt. This water-resistant vinyl is compatible with underfloor water heating systems up to 27°C, allowing you to easily warm your feet up in the colder months.

Mix it up with a simultaneously antique yet modern look with the bang on-trend Grey Boho Tile Effect. Put a twist on the much-loved grey colour palette that is everywhere right now with this gem. Not only does this pattern have a unique space-enhancing effect, it also adds incredible depth to any room you wish to refresh. Available in 3m and 4m widths, it's the perfect option to brighten up any space.
