## Vitality Orion Regal Plank Effect Sheet Vinyl

The perfect way to bring the feeling of a wood plank, stone tile or herringbone design into your home, our Vitality Orion Sheet Vinyl series of flooring is a great budget alternative while providing a striking style and comfort in a playroom or utility room. Our Vitality Orion series comes equipped with a felt backing, which helps reduce the effects of subfloor imperfections, removing the need for any underlay. It can also be loose laid up to 12m<sup>2</sup> in a low traffic area, making it perfect for smaller DIY projects. This water-resistant flooring is compatible with underfloor heating systems up to 27°C, allowing you to keep your toes toasty in those winter months.

If you want to add the natural elegance of wood, while keeping a light and inviting room, then our Vitality Orion Regal flooring is perfect. The bright, golden tones of this long plank effect vinyl can help your kitchen, hallway or bathroom feel open and airy, while the additional water resistance and easy upkeep ensure any small spill can be cleaned up in no time. The inclusion of realistic knots and lines, as well as a lovely, textured finish, helps to provide an authentic wooden feel throughout.
